Project Title: Sanders Water Diversion and Stream Crossing Project (Lake or Streambed Alteration Agreement No. 1600-2018-0234-R1)

Project Location (include county): The project to be completed is located within the South Fork Eel River watershed, approximately 2 miles northeast of the town of Redway, County of Humboldt, State of California. Project Description: The project is limited to 20 encroachment(s) (Table 1). Four (4) encroachments are for water diversion from unnamed tributaries to the South Fork Eel River. Fifteen (15) encroachments are to upgrade failing and/or undersized stream crossings. Work for these encroachments will include excavation, removal of the failing crossings, replacement with new properly sized crossings, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion. One (1) encroachment is to reconstruct the spillway of an onstream pond, and reroute upslope surface flow to the watercourse downstream of the pond during the dry season.
