Project Title: Penev Stream Crossings and Pond Remediation Project (Lake or Streambed Alteration Agreement No. EPIMS-HUM-23085-R1)

Project Location (include county): The project to be completed is located within the Basin Creek and Eel River watershed, approximately 2.3 miles west/northwest of the town of Blocksburg, County of Humboldt, State of California. The project is located in Section 24, T2S, R4E, Humboldt Base and Meridian; in the Blocksburg U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 217-401-009; latitude 40.2827 N and longitude 123.6814 W.

Project Description: The project is limited to five encroachments. Three proposed encroachments improve road/stream crossings. Two crossings will be upgraded to remove existing failing and undersized culverts and install new culverts. Work for these encroachments will include excavation, removal of the existing culverts, replacement with new properly sized culverts, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion. A third crossing will be decommissioned and will have the stream channel realigned to the natural configuration prior to alteration. Two additional encroachments will remove onstream ponds constructed without permits or engineering. Pond remediation will follow the details in the Notification.
