SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108

State Clearinghouse Number: 2015102005

Project Title: Water Diversion and Pond Spillway/Crossing Modification (Lake or Streambed Alteration Agreement No. EPIMS-HUM-45097-R1C)

Project Location (include county): The Project to be completed is located within the Mattole River watershed, approximately 2.2 miles northwest of the town of Whitethorn, County of Humboldt, State of California. The Project is located in Section 5, T05S, R02E, Humboldt Base and Meridian; in the Briceland U.S. Geological Survey 7.5-minute quadrangle; Assessor's Parcel Number 215-271-006-000; latitude 40.0542 N and longitude 123.9618 W at the first point of diversion (POD).

Project Description: The Project is limited to three encroachments. Two encroachments are for water diversions, one from the Mattole River, and the second from a pond. Water is diverted for domestic use from the Mattole and irrigation use from the pond. Work for the water diversion will include use and maintenance of the water diversion infrastructure. The single other proposed encroachment is to upgrade an existing pond spillway and embankment. Work for these encroachments will include excavation of a spillway notch, rock armoring as necessary to minimize erosion, and installation of brush and tree check dams downstream to minimize potential for sediment delivery.
